

Active Balance Seat

Item Number: BP1462
Colours: Black Seat with Chrome Base

The Active Balance Seat has been designed to continuously redistribute and reduce muscle and ligament stress and strain. It provides a revolutionary way to minimize the harmful effects on the human body of prolonged sitting. The seat allows a 360 degree freedom of movement and the tilt motion can be adjusted to the user individual degree of resistance. The Active Balance Seat promotes core muscle strength, better circulation and balance, making movements intuitive and natural. Patent-Pending Adjustable Dynamic Joint, nylon casters and base.
